The words of the Popes

Jesus' disciple renounces all his possessions because in Jesus he has found the greatest Good in which every other good receives its full value and meaning. (...) To explain this requirement, Jesus uses two parables: that of the tower to be built and that of the king going to war. (...) Jesus does not wish to address the topic of war here; it is only a parable. Yet at this moment in which we are praying intensely for peace, this word of the Lord touches us to the core, and essentially tells us: there is a more profound war that we must all fight! It is the firm and courageous decision to renounce evil and its enticements and to choose the good, ready to pay in person: this is following Christ, this is what taking up our cross means! This profound war against evil! What is the use of waging war, so many wars, if you aren't capable of waging this profound war against evil? It is pointless! It doesn't work.... Among other things this war against evil entails saying “no” to the fratricidal hatred and falsehood that are used. (...) These are the enemies to fight, united and consistent, following no other interests than those of peace and of the common good.

-Pope Francis, Angelus
